

MAINTENANCE CALENDAR FOR YOUR POOL'S UV DISINFECTION SYSTEM

All the products recommended in this calendar help prevent premature wear and tear of your UV System

	Swimming pool Opening (May)	Start of swimming season (June)				Summer's hottest period (July and August)					End of swimming season (September)				Swimming pool Closing (October)
Weeks		1	2	3	4	5 & 6	7	8 - 10	11	12 & 13	14	15	16	17	
Quartz Sleeve Cleaner	 At the beginning or end of season														 At the beginning or end of season
Opening Kit															
Adjust parameters pH : 7.2 - 7.8 Total Alkalinity : 80 - 120 ppm Calcium Hardness : 200 - 300 ppm															
UV-Shock		 1 stick	 1 stick	 1 stick	 1 stick	 2 sticks	 2 sticks	 2 sticks	 2 sticks	 2 sticks	 1 stick	 1 stick	 1 stick	 1 stick	
Quantum Shock			 500 G				 500 G		 500 G			 500 G			
Closing Kit															

1. It's important to use **Quartz Sleeve Cleaner** to clean the quartz sleeve of your UV system at the beginning or end of the season to remove scale, oils and debris that accumulate on the sleeve. It will improve efficiency and extend the life of your UV system.

*** Be careful to clean only the quartz sleeve and not the lamp inside the system.

2. The **Opening Kit** will facilitate your swimming pool opening at the beginning of the season.

3. Once swimming pool water is clear, adjust and maintain parameters at the recommended levels.

4. **UV-Shock** is a very slow dissolving chlorine stick that is specially designed to work with your UV system. Simply add the sticks in the chlorinator or in the pool's skimmer.

5. **Quantum Shock** is a multi-action shock treatment designed to keep your pool water clear during the busiest and hottest period of the summer. In addition to resisting the sun's UV rays, **Quantum Shock** also contains a clarifier.

6. Finally, the **Closing Kit** is a simple and efficient solution to close your swimming pool in planning for next year's swimming season.

Note: The periods indicated above are for reference purposes only and may vary from one summer to the next.
